

RESOLUTION NO. 1778

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF FIFE, PIERCE COUNTY, WASHINGTON AUTHORIZING THE CITY MANAGER TO EXECUTE A CONTRACT WITH FILEONQ, INC. FOR THE EVIDENCEONQ PROPERTY AND EVIDENCE MANAGEMENT SYSTEM

WHEREAS, for the past 15 years the City's Police Department has had several records management systems to keep track of evidence and property, resulting in a parsed inventory system with items spread over several systems and no centralized system; and

WHEREAS, City staff researched several vendors offering evidence management systems, and found that the EvidenceOnQ property and evidence management system is the only system that will meet the police department's needs and provide the features needed for an efficient, customizable property and evidence management system; and

WHEREAS, EvidenceOnQ is a unique software solution that offers an "off the shelf" stand-alone product that provides an agency with a customizable screen to accommodate unique needs and workflows, and allows easy implementation as well as streamlining technical support; and

WHEREAS, FileOnQ, Inc. is the sole developer and distributor of the Evidence OnQ system and the sole provider of support and maintenance; now therefore

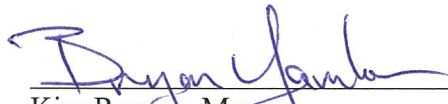

BE IT RESOLVED that the City Council hereby (1) waives competitive bidding requirements as provided for in RCW 39.04.280 as the purchase is clearly and legitimately limited to a single source of supply, and (2) authorizes the City Manager to execute on behalf of the City of Fife a contract with FileOnQ, Inc. for purchase of the EvidenceOnQ property and evidence management software solution for the quoted price of \$13,461.00 plus tax.

ADOPTED by the City Council at an open public meeting held on the 25th day of July, 2017.
