The map features are approximate and are intended only to provide an indication of said feature. Additional areas that have not been mapped may be present. This is not a survey. Orthophotos and other data may not align. The City assumes no liability for variations ascertained by actual survey. ALL DATA IS EXPRESSLY PROVIDED 'AS IS' AND 'WITH ALL FAULTS'. The City makes no warranty of fitness for a particular purpose.

Note: The approximate location and extent of known critical areas in the city are shown on these maps. Other critical areas not shown on these maps are presumed to exist in the city and are also protected under all the provisions of the City's Critical Areas Regulations (FMC Title 17). These maps are to be used as a guide and a reference for the city, project applicants, and/or property owners, and do not provide a final critical area designation. The exact location of a critical area's boundary shall be determined through the performance of a field investigation by a qualified professional. In the event that any of the critical area designations shown on the maps conflict with the criteria set forth in FMC Title 17, the criteria shall control.
