PRODUCT/SERVICE	OTHER SERVICE	QUANTITY	UNIT PRICE	EXTENDED PRICE
NON_ILLUM_SIGN	SIGN #1	1	\$14,426.74	\$14,426.74

Fabricate one (1) 10'-6" overall height single face non-illuminated freestanding sign.

Sign to consist of one (1) 4'-6" x 8'-8" x 2'-0" cabinet, paint silver with 4'-6" x 18" wide aluminum panels installed on front and back of cabinet, paint silver with layered acrylic panels installed with 3" standoffs.

Fabricate one (1) 2" high aluminum reveal. All lettering and logo to be 3/8" thick flat cut out aluminum painted with high grade polyurethane paint.

Fabricate one (1) 10'-6" high x 2'-6" wide corten steel accent panel and 5'-4" high decorative pole cover skinned in 6" high resysta fibre composite planks.

PRODUCT/SERVICE	OTHER SERVICE	QUANTITY	UNIT PRICE	EXTENDED PRICE
	SIGN #1 INSTALL	1	\$8,825.33	\$8,825.33

Install new freestanding sign

footing based on a 6'x6'x6' totalling 8 yards of concrete, with a rebar cage and an 8" pipe going to top of cabinet

Please check with your sales representative about leasing options.

QUOTE TOTAL: \$23,252.07

*Exclusions: tax, permits, parking permits, engineering, traffic control, credit check fee, and special inspections if required.
Time clock not included in price. This is a requirement by the Cities of Seattle and Tacoma.*

**Please note: permits are at cost with a minimum charge of \$300.00 for the procurement fee. This is in addition to the quote total.
Time clocks are not included in the price unless noted. The quote is also based on easy access to the installation location with 120v primary power provided and a designated circuit being located up front for hookup and secondary wiring access if applicable.**

ARTIST'S STATEMENT

1 Smooth, Modern Aluminum Panels Represent the City's Thriving Commercial Industry

2 Layered Translucent Acrylic Panels Create a Graphic Representation of a Plowed Field and Represents Modern Farms and Communities

3 Composite Planks in a Weathered Grey Color Represent the Farms of Yesterday (Barnwood)

4 Rusted Panel Provides a Warm Contrasted Color and Helps Convey a Hard-Working Yet Friendly Aesthetic.

This patchwork of various materials helps to represent Fife as a town that is not only one thing, but multiple things to multiple people: residents, employees, visitors and businesses.

ARTIST'S STATEMENT

We made this entry sign to represent Fife's commerce, history and community.

COMMERCE:

The acrylic plowed fields represent farming while the smooth metal panels represent industry.

HISTORY:

The weathered planks in a grey rustic barnwood color represent the farming history of the City.

COMMUNITY:

The rusted metal represents Fife's hard-working, friendly, approachable community.

-Elijah Lomas
