

**Firwood Condominiums Stormwater Collection System
and Wapato Creek 2402 54th Ave E House Removal**

Addendum #1

Date of Issue: February 9, 2016
Date of Opening: Unchanged – **February 12, 2016**

Notice to All Plan Holders:

This Addendum #1, containing the following revisions, additions, deletions and/or clarifications is hereby made part of the Plan and Contract Documents for the above-named project. Bidders shall take this Addendum into consideration when preparing and submitting their bids and it shall be attached to the Contract Documents.

Contractors shall acknowledge receipt of this Addendum #1 in the place provided in the Proposal Form (page LD-6). Failure to do so may disqualify the Bidder from consideration of its bid.

CONTRACT DOCUMENTS

1. Legal Documents:
 - a. Delete the words “for Schedule A” on page LD-2 from paragraph 4, sentence 1.
2. Special Provisions
 - a. Section 1-07.6, page SP-34: Supplement this section with the following:

The City has received the Hydraulic Project Approval (HPA) from the Washington Department of Fish and Wildlife (WDFW) for the Wapato Creek 2402 54th Ave E House Removal project with a with a requirement of any work waterward of the Ordinary High water line starting after June 15th 2016. Recognizing the discrepancy of time between the number of working days and the expected start date (middle of March 2016) the following options are available:

- I. The contractor will be required to provide a work plan to support a minor modification (as described in the HPA in Appendix B) to begin work prior to June 15th, 2016. The City will apply for a minor modification of the HPA for WDFW approval. Ken Gill (City Engineer) and Ross Widener

(project biologist) will be available to assist in preparing the work plan and arranging a meeting onsite with WDFW staff to present the work plan for approval. The cost involved with preparing the Work Plan and measures for compliance of the HPA shall be included in Bid Item 215 "Erosion/Water Pollution Control"

- II. In the event the City is not able to acquire a minor modification, the City will order a Suspension of Work in accordance with 1-08.6. The Contractor will enter into a suspension for the work involving the bulkhead removal, grading adjacent to the bulkhead and mitigation plantings until such a time that this portion of work can be completed within the attached HPA work window of June 15th to September 30th, 2016.

2. Appendices:

Remove the Hydraulic Permit Application from Appendix B and replace with the approved Hydraulic Project Approval Permit.

ALL OTHER REQUIREMENTS OF THE CONTRACT DOCUMENTS REMAIN IN EFFECT.

Please call or email if you have any further questions to (253) 922-9315 or KGill@cityoffife.org, or (253) 922-2489 or RBlount@cityoffife.org

Sincerely,

Sam Lawrence, P.E.

Attachment: Hydraulic Project Approval (6 pages)

HYDRAULIC PROJECT APPROVAL

Washington Department of
Fish & Wildlife
PO Box 43234
Olympia, WA 98504-3234
(360) 902-2200

Issued Date: February 02, 2016
Project End Date: December 31, 2017

Permit Number: 2016-6-57+01
FPA/Public Notice Number: N/A
Application ID: 5843

PERMITTEE	AUTHORIZED AGENT OR CONTRACTOR
City of Fife ATTENTION: Ken Gill 3725 Pacific Hwy E Fife, WA 98424	Widener & Associates ATTENTION: Ross Widener 10108 32nd Ave W, Ste D Everett, WA 98204-1302

Project Name: 2402 54th Ave Removal

Project Description: The project proposes to remove the house and bulkhead located along Wapato Creek at 2402 54th Ave E and restore the site with native plantings and seeding.

PROVISIONS

TIMING - PLANS - INVASIVE SPECIES CONTROL

1. Work waterward of the ordinary high water line must only occur between June 15 and September 30 of any year for the life of this permit.
2. You must accomplish the work per plans and specifications submitted with the application and approved by the Washington Department of Fish and Wildlife, entitled "2402 54th Ave Removal", dated 11/02/2015, except as modified by this Hydraulic Project Approval. You must have a copy of these plans available on site during all phases of the project proposal.
3. Thoroughly clean all equipment and gear before arriving and leaving the job site to prevent the transport and introduction of aquatic invasive species. Properly dispose of any water and chemicals used to clean gear and equipment. You can find additional information in the Washington Department of Fish and Wildlife's Invasive Species Management Protocols (November 2012), available online at <http://wdfw.wa.gov/publications/01490/wdfw01490.pdf>.

NOTIFICATION REQUIREMENTS

4. You, your agent, or contractor must contact the Washington Department of Fish and Wildlife by e-mail at HPAapplications@dfw.wa.gov; mail to Post Office Box 43234, Olympia, Washington 98504-3234; or fax to (360) 902-2946 at least three business days before starting work, and again within seven days after completing the work. The notification must include the permittee's name, project location, starting date for work or date the work was completed, and the permit number. The Washington Department of Fish and Wildlife may conduct inspections during and after construction; however, the Washington Department of Fish and Wildlife will notify you or your agent before conducting the inspection.
5. You or your agent/contractor must notify the Enforcement Sergeant listed below no less than three business days before starting work, and again within seven days after completing the work to arrange for a post-project inspection. The notification must include the permittee's name, project location, starting date for work or completion date of work, and the permit number for this Hydraulic Project Approval.

Officer Prater: Dustin.Prater@dfw.wa.gov

6. If a fish kill occurs or fish are observed in distress at the job site, immediately stop all activities causing harm. Immediately notify the Washington Department of Fish and Wildlife of the problem. If the likely cause of the fish kill or fish distress is related to water quality, also notify the Washington Military Department Emergency Management

HYDRAULIC PROJECT APPROVAL

Washington Department of
Fish & Wildlife
PO Box 43234
Olympia, WA 98504-3234
(360) 902-2200

Issued Date: February 02, 2016

Permit Number: 2016-6-57+01

Project End Date: December 31, 2017

FPA/Public Notice Number: N/A

Application ID: 5843

Division at 1-800-258-5990. Activities related to the fish kill or fish distress must not resume until the Washington Department of Fish and Wildlife gives approval. The Washington Department of Fish and Wildlife may require additional measures to mitigate impacts.

STAGING, JOB SITE ACCESS, AND EQUIPMENT

7. Establish staging areas (used for equipment storage, vehicle storage, fueling, servicing, and hazardous material storage) in a location and manner that will prevent contaminants such as petroleum products, hydraulic fluid, fresh concrete, sediments, sediment-laden water, chemicals, or any other toxic or harmful materials from entering waters of the state.
8. Clearly mark boundaries to establish the limit of work associated with site access and construction.
9. Limit the removal of native bankline vegetation to the minimum amount needed to construct the project.
10. Retain all natural habitat features on the bed or banks including large woody material and boulders. You may move these natural habitat features during construction but you must place them near the preproject location before leaving the job site.
11. Confine the use of equipment to the specific access and work corridor shown in the approved plans.
12. Equipment used for this project may operate waterward of the ordinary high water line, provided the drive mechanisms (wheels, tracks, tires, etc.) do not enter or operate waterward of the ordinary high water line.
13. If wet or muddy conditions exist, in or near a riparian zone or wetland area, use equipment that reduces ground pressure.
14. Check equipment daily for leaks and complete any required repairs in an upland location before using the equipment in or near the water.
15. Use environmentally acceptable lubricants composed of biodegradable base oils such as vegetable oils, synthetic esters, and polyalkylene glycols in equipment operated in or near the water.
16. This Hydraulic Project Approval does not authorize equipment crossings of the stream.

CONSTRUCTION-RELATED SEDIMENT, EROSION AND POLLUTION CONTAINMENT

17. Protect all disturbed areas from erosion. Maintain erosion and sediment control until all work and cleanup of the job site is complete.
18. All erosion control materials that will remain onsite must be composed of 100% biodegradable materials.
19. Straw used for erosion and sediment control, must be certified free of noxious weeds and their seeds.
20. Stop all hydraulic project activities except those needed to control erosion and siltation, if flow conditions arise that will result in erosion or siltation of waters of the state.
21. Prevent project contaminants, such as petroleum products, hydraulic fluid, fresh concrete, sediments, sediment-laden water, chemicals, or any other toxic or harmful materials, from entering or leaching into waters of the state.
22. Deposit waste material from the project, such as construction debris, silt, excess dirt, or overburden, in an upland area above the limits of anticipated floodwater unless the material is approved by the Washington Department of Fish and Wildlife for reuse in the project.
23. Deposit all trash from the project at an appropriate upland disposal location.

CONSTRUCTION MATERIALS

24. Store all construction and deconstruction material in a location and manner that will prevent contaminants such as petroleum products, hydraulic fluid, fresh cement, sediments, sediment-laden water, chemicals, or any other toxic or harmful materials from entering waters of the state.
25. Do not stockpile construction material waterward of the ordinary high water line.

HYDRAULIC PROJECT APPROVAL

Washington Department of
Fish & Wildlife
PO Box 43234
Olympia, WA 98504-3234
(360) 902-2200

Issued Date: February 02, 2016
Project End Date: December 31, 2017

Permit Number: 2016-6-57+01
FPA/Public Notice Number: N/A
Application ID: 5843

26. Use only clean, suitable material as fill material (no trash, debris, car bodies, tires, asphalt, concrete, etc.).

STREAM BANK PROTECTION

- 27. Do not release overburden material into the waters of the state when resloping the bank.
- 28. Do not use bed gravel for exterior armor or backfill unless approved by the Washington Department of Fish and Wildlife.
- 29. Per plans, reslope the banks to a 5 foot horizontal and 1 foot vertical slope or less.

DEMOBILIZATION AND CLEANUP

- 30. Do not relocate removed or replaced structures within waters of the state. Remove and dispose of these structures in an upland area above the limits of anticipated floodwater.
- 31. Upon completion of the project, restore the disturbed bed, banks, and riparian zone per the approved plans.
- 32. To prevent fish from stranding, backfill trenches, depressions, and holes in the bed that may entrain fish during high water or wave action.
- 33. Stabilize the bed with clean material sized to match undisturbed sediments.
- 34. Seed areas disturbed by construction activities with a native seed mix suitable for the site that has at least one quick-establishing plant species.
- 35. Replace native riparian zone and aquatic vegetation, and wetland vascular plants (except noxious weeds) damaged or destroyed by construction using a proven methodology.
- 36. Remove temporary erosion and sediment control methods after job site is stabilized or within three months of project completion, whichever is sooner.

APPLY TO ALL HYDRAULIC PROJECT APPROVALS

HYDRAULIC PROJECT APPROVAL

Washington Department of
Fish & Wildlife
PO Box 43234
Olympia, WA 98504-3234
(360) 902-2200

Issued Date: February 02, 2016

Permit Number: 2016-6-57+01

Project End Date: December 31, 2017

FPA/Public Notice Number: N/A

Application ID: 5843

This Hydraulic Project Approval pertains only to those requirements of the Washington State Hydraulic Code, specifically Chapter 77.55 RCW. Additional authorization from other public agencies may be necessary for this project. The person(s) to whom this Hydraulic Project Approval is issued is responsible for applying for and obtaining any additional authorization from other public agencies (local, state and/or federal) that may be necessary for this project.

This Hydraulic Project Approval shall be available on the job site at all times and all its provisions followed by the person(s) to whom this Hydraulic Project Approval is issued and operator(s) performing the work.

This Hydraulic Project Approval does not authorize trespass.

The person(s) to whom this Hydraulic Project Approval is issued and operator(s) performing the work may be held liable for any loss or damage to fish life or fish habitat that results from failure to comply with the provisions of this Hydraulic Project Approval.

Failure to comply with the provisions of this Hydraulic Project Approval could result in a civil penalty of up to one hundred dollars per day and/or a gross misdemeanor charge, possibly punishable by fine and/or imprisonment.

All Hydraulic Project Approvals issued under RCW 77.55.021 are subject to additional restrictions, conditions, or revocation if the Department of Fish and Wildlife determines that changed conditions require such action. The person(s) to whom this Hydraulic Project Approval is issued has the right to appeal those decisions. Procedures for filing appeals are listed below.

MINOR MODIFICATIONS TO THIS HPA: You may request approval of minor modifications to the required work timing or to the plans and specifications approved in this HPA. Any approved minor modification will require issuance of a letter documenting the approval. A minor modification to the required work timing means any change to the work start or end dates of the current work season to enable project or work phase completion. Minor modifications will be approved only if spawning or incubating fish are not present within the vicinity of the project. You may request subsequent minor modifications to the required work timing. A minor modification of the plans and specifications means any changes in the materials, characteristics or construction of your project that does not alter the project's impact to fish life or habitat and does not require a change in the provisions of the HPA to mitigate the impacts of the modification. Minor modifications do not require you to pay additional application fees or be issued a new HPA. If you originally applied for your HPA through the online Aquatic Protection Permitting System (APPS), you may request a minor modification through APPS. A link to APPS is at <http://wdfw.wa.gov/licensing/hpa/>. If you did not use APPS you must submit a written request that clearly indicates you are seeking a minor modification to an existing HPA. Written requests must include the name of the applicant, the name of the authorized agent if one is acting for the applicant, the APP ID number of the HPA, the date issued, the permitting biologist, the requested changes to the HPA, the reason for the requested change, the date of the request, and the requestor's signature. Send by mail to: Washington Department of Fish and Wildlife, PO Box 43234, Olympia, Washington 98504-3234, or by email to HPAapplications@dfw.wa.gov. Do not include payment with your request. You should allow up to 45 days for the department to process your request.

HYDRAULIC PROJECT APPROVAL

Washington Department of
Fish & Wildlife
PO Box 43234
Olympia, WA 98504-3234
(360) 902-2200

Issued Date: February 02, 2016
Project End Date: December 31, 2017

Permit Number: 2016-6-57+01
FPA/Public Notice Number: N/A
Application ID: 5843

MAJOR MODIFICATIONS TO THIS HPA: You may request approval of major modifications to any aspect of your HPA. Any approved change other than a minor modification to your HPA will require issuance of a new HPA. If you paid an application fee for your original HPA you must pay an additional \$150 for the major modification. If you did not pay an application fee for the original HPA, no fee is required for a change to it. If you originally applied for your HPA through the online Aquatic Protection Permitting System (APPS), you may request a major modification through APPS. A link to APPS is at <http://wdfw.wa.gov/licensing/hpa/>. If you did not use APPS you must submit a written request that clearly indicates you are requesting a major modification to an existing HPA. Written requests must include the name of the applicant, the name of the authorized agent if one is acting for the applicant, the APP ID number of the HPA, the date issued, the permitting biologist, the requested changes to the HPA, the reason for the requested change, the date of the request, payment if the original application was subject to an application fee, and the requestor's signature. Send your written request and payment, if applicable, by mail to: Washington Department of Fish and Wildlife, PO Box 43234, Olympia, Washington 98504-3234. You may email your request for a major modification to HPAapplications@dfw.wa.gov, but must send a check or money order for payment by surface mail. You should allow up to 45 days for the department to process your request.

APPEALS INFORMATION

If you wish to appeal the issuance, denial, conditioning, or modification of a Hydraulic Project Approval (HPA), Washington Department of Fish and Wildlife (WDFW) recommends that you first contact the department employee who issued or denied the HPA to discuss your concerns. Such a discussion may resolve your concerns without the need for further appeal action. If you proceed with an appeal, you may request an informal or formal appeal. WDFW encourages you to take advantage of the informal appeal process before initiating a formal appeal. The informal appeal process includes a review by department management of the HPA or denial and often resolves issues faster and with less legal complexity than the formal appeal process. If the informal appeal process does not resolve your concerns, you may advance your appeal to the formal process. You may contact the HPA Appeals Coordinator at (360) 902-2534 for more information.

A. INFORMAL APPEALS: WAC 220-660-460 is the rule describing how to request an informal appeal of WDFW actions taken under Chapter 77.55 RCW. Please refer to that rule for complete informal appeal procedures. The following information summarizes that rule.

A person who is aggrieved by the issuance, denial, conditioning, or modification of an HPA may request an informal appeal of that action. You must send your request to WDFW by mail to the HPA Appeals Coordinator, Department of Fish and Wildlife, Habitat Program, 600 Capitol Way North, Olympia, Washington 98501-1091; e-mail to HPAapplications@dfw.wa.gov; fax to (360) 902-2946; or hand-delivery to the Natural Resources Building, 1111 Washington St SE, Habitat Program, Fifth floor. WDFW must receive your request within 30 days from the date you receive notice of the decision. If you agree, and you applied for the HPA, resolution of the appeal may be facilitated through an informal conference with the WDFW employee responsible for the decision and a supervisor. If a resolution is not reached through the informal conference, or you are not the person who applied for the HPA, the HPA Appeals Coordinator or designee will conduct an informal hearing and recommend a decision to the Director or designee. If you are not satisfied with the results of the informal appeal, you may file a request for a formal appeal.

B. FORMAL APPEALS: WAC 220-660-470 is the rule describing how to request a formal appeal of WDFW actions taken under Chapter 77.55 RCW. Please refer to that rule for complete formal appeal procedures. The following information summarizes that rule.

HYDRAULIC PROJECT APPROVAL

Washington Department of
Fish & Wildlife
PO Box 43234
Olympia, WA 98504-3234
(360) 902-2200

Issued Date: February 02, 2016
Project End Date: December 31, 2017

Permit Number: 2016-6-57+01
FPA/Public Notice Number: N/A
Application ID: 5843

A person who is aggrieved by the issuance, denial, conditioning, or modification of an HPA may request a formal appeal of that action. You must send your request for a formal appeal to the clerk of the Pollution Control Hearings Boards and serve a copy on WDFW within 30 days from the date you receive notice of the decision. You may serve WDFW by mail to the HPA Appeals Coordinator, Department of Fish and Wildlife, Habitat Program, 600 Capitol Way North, Olympia, Washington 98501-1091; e-mail to HPAapplications@dfw.wa.gov; fax to (360) 902-2946; or hand-delivery to the Natural Resources Building, 1111 Washington St SE, Habitat Program, Fifth floor. The time period for requesting a formal appeal is suspended during consideration of a timely informal appeal. If there has been an informal appeal, you may request a formal appeal within 30 days from the date you receive the Director's or designee's written decision in response to the informal appeal.

C. FAILURE TO APPEAL WITHIN THE REQUIRED TIME PERIODS: If there is no timely request for an appeal, the WDFW action shall be final and unappealable.
